Kevin,

I am traveling today and tomorrow but will get back to you this week. Please be assured we are going to be fair and do right by you and your family. I had hoped that this would have been an issue behind us by now but unfortunately we are still waiting for final approval. Furthermore, no fees have been recovered and no fees have even been requested much less approved by the court. Nevertheless, I understand your concern and we will address it to your satisfaction as a professionals and a friend.

I know I have signed contract with Podhurst, but at that time, the fees being paid by settlement had not crossed my mind. However, this was with good reason, since, I don't believe, class action had not even been discussed. Now, if that contract were to remain valid, the attorneys would get paid by two sources. I just can't believe that this is what Judge Brody had in mind when reviewing settlement.
